## GRADUATE STORIES

**Natalia**

GRADUATE AMBASSADOR

Natixis' CIB EMEA Graduate Program was an incredible experience because it offers the opportunity to have a well-rounded and international learning and build a Pan-European professional network. I also had the opportunity to enhance my technical knowledge (training sessions, finance exams) as well as to decide my career path based on my skills, strengths and interests.

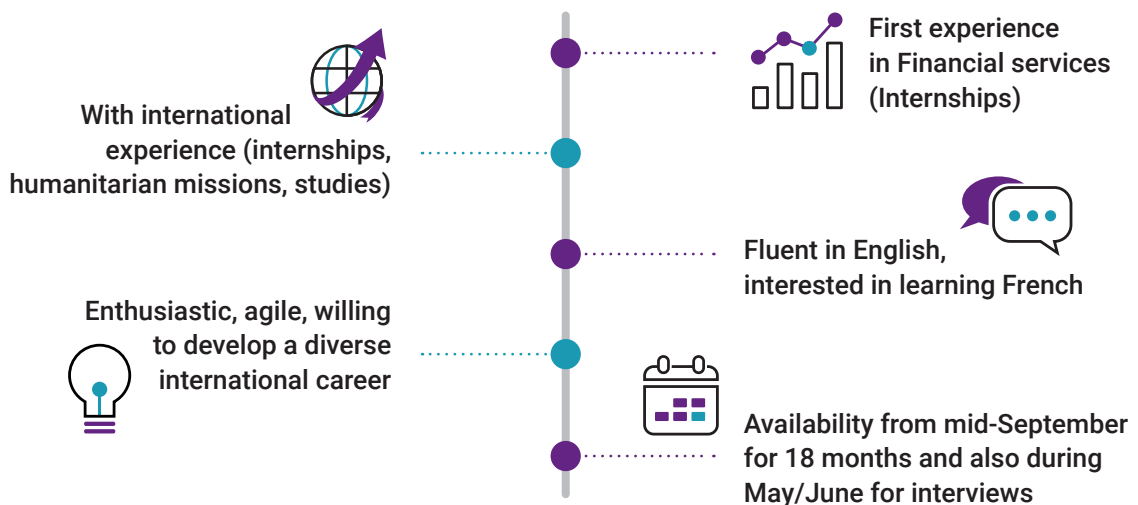

**Benjamin**

GRADUATE AMBASSADOR

From a personal point of view I guess the best part of Natixis' CIB EMEA Graduate Program is being able to experience life in 3 different countries and cities over such a short period of time as well as the close relationships that will eventually be tied between graduates and Natixis employees.
